HELLO and WELCOME

Welcome and thank you for being here. Your wedding day is one of the biggest chapters in your story and it deserves to be photographed with care, intention, and heart. My approach is relaxed and unobtrusive so you can stay fully present while I capture the genuine moments that make your day yours. I work with true colour and a clean, timeless style so your images stay beautiful for years to come. My aim is to give you a photography experience that feels easy, personal, and meaningful.

MY STYLE

Blending natural romance with a refined, timeless aesthetic, I create wedding and elopement images that feel elegant, heartfelt, and true to who you are.

Rather than forcing a specific look, I use natural light - soft or strong - and shape it intentionally to create flattering, emotive images. I edit with a true colour approach so your images stay honest, vibrant, and timeless. The result is a collection that feels as breathtaking in decades as it does on the day you say "I do."

MY PHILOSOPHY

Your wedding isn't a performance - it's a story. A deeply personal one. Whether you're exchanging vows on a mountaintop, in your backyard, or surrounded by the people who matter most, I believe every couple deserves photography that honours the love, history, and connection that brought you here. These images aren't just documentation; they become heirlooms. Tangible reminders of emotion, commitment, and the beginning of a lifelong chapter.

MY PROMISE

From the moment you enquire to the day you receive your finished gallery, I'm here to make everything feel effortless and supported. I'm with you every step offering guidance, calming the chaos, and creating space for you to be fully present. My promise is simple: a warm, unobtrusive experience and beautifully crafted photographs that make you fall in love with your day all over again, every time you look at them.

MEET THE ARTIST

I'm Hannah, a photographer and mum of three based in the peaceful countryside of Widgee, QLD. For more than a decade I've been documenting real moments for real people, and weddings continue to inspire me with their emotion, beauty, and once-in-a-lifetime energy. I love creating images that feel honest, elegant, and full of life. When I'm not behind the camera, you'll find me chasing my kids, rewatching Lord of the Rings, or hunting for bold earrings. I can't wait to get to know you and capture your day in a way that feels true to who you are.

“WE COULDN’T HAVE ASKED FOR A MORE ENTHUSIASTIC AND PASSIONATE PHOTOGRAPHER”

Hannah did an exceptional job! We had our wedding and engagement shoot with Hannah and she went above and beyond to get the best photos! We couldn’t have asked for a more enthusiastic and passionate photographer, nothing was too much for her.

Hannah was very adaptable during the wedding and organised, and made us all feel at ease. Through the rain, Hannah stuck it out to get the perfect shot. We also had our wedding invites and save the dates done, which were amazing and so well presented. We had plenty of options and variety which Hannah had designed, many people complemented how elegant and beautiful the design was!

We couldn’t be happier and recommend Hannah 110%!
